# **The National Voter Registration Act of 1993**

## **The Act**

The intent of the National Voter Registration Act is to increase the number of eligible citizens registered to vote by making opportunities to complete a voter registration application more readily available and to establish safeguards that ensure citizens' right to vote. One provision of the Act is designed to increase the number of Americans registered to vote, by requiring public agencies to provide voter registration opportunities to their clients in conjunction with the other services they provide.

## **When To Provide Persons An Opportunity To Register To Vote**

The Act requires that certain state agencies provide all their clients the opportunity to register to vote at the time of each application for assistance, renewal/recertification of assistance or notification of change of address. The opportunity to register should be offered whether the contact is made in person, by telephone, by mail, by e-mail or during a home visit. Designated agencies are those that serve persons with disabilities or that provide public assistance. Agency staff must provide the same amount of assistance to a person completing a voter registration form as they would provide to fill out the agency's own forms.

## **This Manual**

This booklet has been prepared by the Elections Division of the Secretary of State's office to assist in the implementation of voter registration in state agencies. It is not meant to supersede federal or state laws or rules, nor does it have the force of law. To obtain copies of the National Voter Registration Act or other information about the contents of this reference manual, or to suggest modifications, you may contact:

**Secretary of State's Office, Elections Division

## Information About Registering to Vote

*The information contained in this section is included so that providers may be able to answer general questions about voter registration.*

### Who May Register?

#### Qualifications:

Any person who is a citizen of the United States, a resident of Missouri and at least 17 ½ years of age may register to vote.

The qualifications for voters in Missouri are found in Sections 115.133 to.115.135 RSMo.

A Missouri resident may only have one residence for voting purposes.

Individuals who register may vote in any subsequent election that takes place **on or after** their eighteenth birthday and at least twenty-eight days after they register.

#### Exceptions:

- No person who is incarcerated or on probation or parole after conviction of a felony is entitled to vote.
- No person convicted of a felony or misdemeanor connected with right of suffrage is entitled to vote.
- No person who is adjudicated incapacitated shall be entitled to register or vote.

### When Can a Person Register?

A person may register at any time, but a registration application must be received by the local election authority or NVRA designated agency or postmarked at least twenty-eight days before an election in order to vote in that election. Once registered in a county (or Kansas City or St. Louis City), voters may update (change address, name, etc.) their registrations in that county (or Kansas City or St. Louis City) at any time, even at the polling place on Election Day.

Six elections each year are authorized by Missouri law, not including special elections. Election calendars are available at the Secretary of State's office and on the Web site at [www.sos.mo.gov/elections/s\\_default.asp?id=calendar](http://www.sos.mo.gov/elections/s_default.asp?id=calendar). However, not every jurisdiction will have something to vote on at each election. Local election authorities should notify the agency sites in their jurisdiction of registration deadlines prior to an upcoming election.

---

### **How Often Should a Person Fill Out an Application?**

A person should fill out a new application anytime information on his/her registration application has changed since that person last registered. This includes change of home address, mailing address or name. If a person is unsure if they are registered, then he/she should fill out a new application.

### **How Will A Person Know If the Registration Application Was Accepted?**

The local election authority will mail an acceptance verification notice to the applicant. If a verification notice is not received within a reasonable time after the voter registration application was submitted, applicants should call their local election authority. If an incomplete application was submitted, the local election authority will request additional information. The application can be rejected if the required information is not supplied.

---

## Voting in Missouri

*The information contained in this section is included so that providers may be able to answer general questions about voting procedures.*

### **How Does A Voter Know Where To Vote?**

The verification notice will include the location of a new voter's voting precinct and polling location. In some jurisdictions, the polling locations will be advertised in newspapers before the election. Other jurisdictions will mail a notice of election prior to each election. A voter may contact the local election authority to find out where to vote.

### **Will There be Someone At the Polling Place To Help?**

Yes. The poll workers will demonstrate how to mark ballots. If asked, poll workers may help a voter complete their ballots. Voters needing help reading or completing a ballot may also take anyone (excluding the voter's employer or agent of the employer or officer or agent of the voter's union) into the booth with them to help.

### **What If A Polling Place Is Not Accessible?**

The poll judges can bring ballots to people outside the polling place. Persons interested in this may call their local election authority's office to get more information. A voter may vote an absentee ballot at home or may vote at the central location of the local election authority (see below).

### **What if I Want To Vote By Absentee Ballot?**

Registered voters who are unable to go to the polls on Election Day may vote via absentee ballot. Individuals wishing to vote by absentee ballot must make their application in writing, stating the reason they will be prevented from going to the polls on Election Day.

A person may choose to vote by absentee ballot if:

- (1) he/she will be absent on Election Day from the jurisdiction in which such voter is registered to vote;
- (2) he/she is incapacitated or confined due to illness or physical disability, or the voter is primarily responsible for the physical care of a person who is incapacitated or confined due to illness or disability;

- 
- (3) he/she has reason based on religious belief or practice;
  - (4) he/she is employed as an election authority, as a member of an election authority or by an election authority at a location other than such voter's polling place;
  - (5) he/she is incarcerated, provided all qualifications for voting are retained.

# Agency Voter Registration Procedures

## The Agency Voter Registration Form

The agency voter registration form includes a declination form\*, a voter registration application\*\*, and information about registering to vote. An agency may place Voter Registration forms in waiting rooms/reception areas, in addition to the forms that are offered by agency staff. It is recommended that blue or black ink be used to fill out the registration and declination forms.

The declination form and voter registration applications must include the following:

*“If you are not registered to vote where you live now, would you like to apply to register to vote here today?”*  
[Section 7(a)(6)(B)(ii)];

Boxes for the applicant to check whether he or she chooses to register or to decline to register, followed by the statement: *“If you do not check either box, you will be considered to have decided not to register to vote at this time.”* [Section 7(a)(6)(B)(ii)];

*“Applying to register or declining to register to vote will not effect the amount of assistance that you will be provided by this agency.”* [Section 7(a)(6)(B)(ii)];

*“If you would like help in filling out the voter registration application form, we will help you. The decision to seek or accept help is yours. You may fill out the application in private.”* [Section 7(a)(6)(B)(iii)];  
and

*“If you believe that someone has interfered with your right to register or to decline to register to vote, your right to privacy in deciding whether to register, or in applying to register to vote, or your right to choose your own political party or other political preference, you may file a complaint with \_\_\_\_\_,”* followed by the name, address and telephone number of the person to whom complaints can be directed [Section 7(a)(6)(B)(iii)].

---

\*A declination is required by federal law. It documents the interaction between an agency and the person completing the form. It must be retained by the agency for 24 months.

\*\*A voter registration application is the portion of the voter registration form that a citizen must fill out and is sent to a local elections office to register to vote.

---

## How To Complete The Declination Form

The client must be asked, and should respond to the question, “If you are not registered to vote where you live now, would you like to register here today?” by checking either “yes” or “no.”

- 1) If a client checks “no,” the client should fill out and sign the declination form. If the client checks “yes,” the client should fill out the voter registration application and sign the application and the declination form. It is important that the client have the same assistance to complete the declination and voter registration application as is given to complete agency forms.
- 2) If a client does not check either box or checks “no” and does not fill out the declination form, it will be assumed the client chooses not to register.

## How To Complete The Voter Registration Application

A client who chooses to fill out the voter registration application may do so in private or may request help from the provider. The client may take the form and/or application home to complete or may complete it on-site. However, agency staff should encourage the applicant to complete the application on-site. The agency staff must provide the same degree of assistance as is provided to complete agency forms, unless the client refuses such assistance. Receptionists should be trained to provide assistance to clients who complete voter registration applications in waiting rooms/reception areas.

Registrants must fill in all boxes on the registration card. The agency staff should review the application to ensure that it is **complete and legible**. Once the application is completed, the agency staff should time stamp it and convey the application to the local election authority not later than five days after the application is completed. Each agency is encouraged to establish a procedure for naming an “Agency Coordinator” who is responsible for forwarding completed applications on a specific date to the local election authority.

**IMPORTANT!** Providers unsure if an application is complete should forward the card per normal procedure to the local election official.

### **DO NOT DESTROY ANY APPLICATIONS!**

The instructions on the following page will help providers answer questions about filling out the application.
